

AUDIT COMMITTEE CHARTER

DELEK US HOLDINGS, INC.

(As adopted on May 4, 2010)

The Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of Delek US Holdings, Inc. (the “Company”) shall consist of a minimum of three (3) directors. Members of the Committee shall be appointed annually by the Board. Committee members may be replaced by the Board at any time. The Board shall designate the chairman (“Chairman”) of the Committee.

All members of the Committee shall meet the requirements of independence, financial literacy and accounting or financial management expertise, and other qualification requirements provided by law and the applicable rules of the New York Stock Exchange (“NYSE”) and the Securities and Exchange Commission (“SEC”). The Board shall determine that each member of the Committee has no material relationship with the Company and is otherwise “independent” under the rules of each of the NYSE and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Board shall also determine that each member is “financially literate,” and that one member of the Committee has “accounting or related financial management expertise,” as such qualifications are interpreted by the Board in its business judgment, and whether any member of the Committee is an “audit committee financial expert,” as defined by the rules of the SEC. If the Board has determined that a member of the Committee is an audit committee financial expert, it may presume that such member has accounting or related financial management expertise.

A member of the Committee may not simultaneously serve on the audit committee of more than two (2) other public companies unless such service is approved by the Board upon its determination that such simultaneous service will not impair the ability of such member to effectively serve on the Committee, and discloses this determination in the Company’s annual proxy statement.

I. PURPOSE

The purpose of the Committee is to provide assistance to the Board in fulfilling its oversight responsibility and to prepare an audit committee report as required by the SEC to be included in the Company’s annual proxy statement. The Committee will assist Board oversight of: (a) the quality and integrity of the Company’s financial statements; (b) the disclosure and financial reporting process, including the Company’s disclosure controls and procedures; (c) the Company’s internal controls and procedures for financial reporting; (d) the performance of the Company’s internal audit function and independent auditors employed by the Company for the purpose of preparing or issuing an audit report or related work (the “Outside Auditor”); (e) the Outside Auditor’s qualifications and independence; and (f) the Company’s compliance with policies under the Company’s “Code of Business Conduct & Ethics” and legal and regulatory requirements.

In fulfilling its purpose as set forth above, it is the responsibility of the Committee to encourage open communication between the Committee, the Outside Auditor, the internal auditors (or other persons carrying on the internal audit function) (the “Internal Auditors”) and management of the Company.

In discharging its oversight role, the Committee is empowered to (i) investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and (ii) engage and, on behalf of the Company, compensate, or require the compensation of, independent counsel and other advisers, including accounting advisers, as it determines necessary to carry out its

duties. The Company must provide appropriate funding, as determined by the Committee, for the payment of compensation to the Outside Auditor and any advisers employed by the Committee, as well as for ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties. The Committee may request any officer or employee of the Company or the Company's outside counsel or Outside Auditor to attend a meeting of, or to meet with any members of, or consult with, the Committee.

II. AUTHORITY & RESPONSIBILITIES

The primary responsibility of the Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. While the Committee has the responsibilities and powers set forth in this Charter and recognizes the importance of its role, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles and requirements of law.

The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements and for the effectiveness of internal control over financial reporting. Management and the internal auditing department are responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The Outside Auditor is responsible for planning and carrying out a proper audit of the Company's annual financial statements and of the Company's internal control over financial reporting, reviews of the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures, and for reporting certain matters to the Committee. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

The Committee shall be directly responsible for, and have sole authority as to, the appointment, retention and termination, compensation (on behalf of the Company) and oversight of the work of the Outside Auditor, including resolution of disagreements between management and the Outside Auditor regarding accounting matters and financial reporting, all for the purpose of such Outside Auditor's preparation and issuance of audit reports, periodic reports, attestations, comfort letters, the performance of review services and other related work as to the Company's financial statements, financial information and accounting matters. The Outside Auditor shall report directly to the Committee. In addition, the Committee shall be directly responsible for, and have sole authority as to, the appointment, retention and termination, compensation (on behalf of the Company) and oversight of the work of any other registered public accounting firm engaged for the purpose of preparing or issuing an audit report or to perform audit, review or attestation services, which firm shall also report directly to the Committee.

The Committee shall have sole authority to, and must, pre-approve all audit and non-audit services provided by the Outside Auditor to the Company (including all fees and terms of service but subject to any de minimis exceptions permitted by law for non-audit services, which must, in any event, be approved annually by the Committee prior to completion of the annual audit). The Committee may take any measures that it determines to be appropriate to assure that the Outside Auditor is not engaged to perform specific non-audit services proscribed by law or regulation. The Committee may delegate pre-approval authority to a member or members of the Committee or to a subcommittee of the Committee. The decisions of any Committee member or members or subcommittee to whom pre-approval authority is delegated must be presented to the full Committee at its next scheduled meeting.

The Committee shall make regular reports to the Board and review with the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, compliance with legal or regulatory requirements, the performance and independence of the Outside Auditor, or the performance of the Internal Auditors. The Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval. The Committee shall annually prepare and review with the Board an evaluation of its own performance, including a comparison of the Committee's performance with the requirements of this Charter.

In performing its functions, the Committee shall undertake those tasks and responsibilities that, in its judgment, would contribute most effectively to and implement the purposes of the Committee. In addition to the general tasks and responsibilities noted above, the following are the specific duties of the Committee:

A. Financial Statement & Disclosure Matters

This review should include management's response to any of the above-mentioned issues; and (l) discuss with management and the Outside Auditor the effect of regulatory and accounting initiatives as well as off-balance sheet structures and aggregate contractual obligations on the Company's financial statements.

7. Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies and guidelines.

8. Discuss with the Outside Auditor the matters required to be discussed by Statement on Auditing Standards No. 114, "The Auditor's Communication With Those Charged With Governance" (as it may be modified or supplemented, "SAS No. 114"), relating, among other things, to the conduct of the audit. In particular, discuss: (a) the adoption of, or changes to, the Company's significant internal auditing and accounting principles and practices as suggested by the Outside Auditor or management; and (b) any management letter or internal control letter issued or proposed to be issued by the Outside Auditor and management's response to that letter.

Receive and review disclosures made to the Committee by the Company's Chief Executive Officer and Chief Financial Officer, including during their certification process for the Company's Form 10-K and Form 10-Q, about (a) any significant deficiencies in the design or operation of internal controls or material weakness therein which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information, (b) the existence of any fraud, whether or not material, involving management or other employees who have a significant role in the Company's internal controls, and (c) any significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of their evaluation.

10. Review management's periodic assessments of the effectiveness of the Company's internal controls and procedures for financial reporting and the Outside Auditor's attestations as to management's assessments.

11. Review and discuss in advance with management the Company's practice with respect to the types of information to be disclosed and the types of presentations to be made in earnings press

2. Ensure that the Outside Auditor prepares and delivers at least annually a formal written statement regarding (a) the Outside Auditor’s internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the Outside Auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years respecting one or more independent audits carried out by the Outside Auditor, and any steps taken to deal with any such issues, and (c) (to assess the auditors’ independence) all relationships between the Outside Auditor and the Company, including each non-audit service provided to the Company and the matters set forth in the letter from the Outside Auditor required by the applicable requirements of the Public Company Accounting Oversight Board (the “PCAOB Letter”), it being understood that the Outside Auditor is responsible for the accuracy and completeness of this statement, review such statement and discuss with the Outside Auditor any relationships or services described in this statement that may impact the quality of audit services or the objectivity and independence of the Outside Auditor.

4. Evaluate the qualifications, performance and independence of the Outside Auditor, including considering whether the Outside Auditor’s quality controls are adequate and the provision of non-audit services is compatible with maintaining the Outside Auditor’s independence, and taking into account the opinions of management and the Internal Auditors. This review should also include a review and evaluation of the lead audit partner. From time to time the Committee may wish to consider whether, in order to assure continuing auditor independence, there should be a regular rotation of the Outside Auditor firm itself. The Committee shall present its conclusions to the full Board.
